

2015 Divisional

Wow. I cannot begin to tell you how much yesterday's meet meant to me. Everything great about City High Cross Country was on display. The wind presented a stiff challenge, especially to the FS and JV but also to the Varsity but you ignored it and performed spectacularly. In a 5k race you have 18-36 minutes (depending on who you are) where you can talk yourself out of or into a race. And you resoundingly responded to talk yourself into the race. The results were convincing team and individual victories in all 3 races. You made your coaches so very proud. And I thank you for the very moving expression of support with the t-shirts. I now have an item of green that I will wear ☺ You are the best therapy.
