

2015 Spartan Invitational

I have never been so excited about sixth, third and fourth place finishes as I am today. Yesterday proved a great day for us. We competed very well at all levels on a hot, muggy morning after a great practice on Thursday and either another steamy meet on Tuesday or monster workout on Monday. There was no whining and no walking up the final hill, just great effort and teamwork.

Consider the following: Naperville North is one of the best teams in the country of 4000 students and a great program. Edina one of the best from Minnesota. PV was a favorite for State last year and Johnston won State last year. Bettendorf has 4 runners who ran under 10:40 in the 3k last spring. Muscatine has a quintet of seniors that have made them a ranked team the past 3 years and again come in ranked ahead of us this year. PV was not out of site of us. Johnston and Bettendorf were just 10 and 8 points ahead of us respectively. We edged out Muscatine. Prairie ran their varsity in the FS race and Johnston and Edina combined their FS and JVs in the JV race.

Look at all the empty spaces in the previous years results. That speaks to me of possibilities and dreams when combined with the outstanding leadership we are getting from those who have been here before. Awesome work girls!!
