

## District 2002

Yesterday showed that we are prepared for the final step of this season's journey which began in summer's heat and now takes us to November's chill. Congratulations to Jennie, Nelle, Meggan and Betsy for earning First team All-District honors. Also deserving special notice is Abby for running a PR by 21 seconds!

We are again District Champions. That has become a given. Be proud that it is considered a foregone conclusion that you would be District Champions. That type of sentiment doesn't just happen. It requires commitment to training and the will to compete and the constant encouragement you give one another. That we could have qualified two teams at our District meet is also gratifying. Remember when you represent us at Fort Dodge next week there are many others on our team that are also capable of competing at the State level. You represent our whole team. Be proud to do so. *It is great to be a Little Hawk.*
