

## 2006 Eastern Iowa Classic

This was a great meet. The fresh/soph started us off and took care of business. Clinton ran their best runner in this race instead of varsity and she was no match for Hannah. We had a load of prs and season's bests despite a course that doesn't lend itself to fast times. The JV was not to be outdone and had the best team score of the day led by Sarah's strong run. The Varsity followed instructions and ran well as they prepare for Griak while still beating 3 of the States top teams. Congratulations to all for another spirited effort. The 2004 times from this same course are included. Your hard work has been rewarded ☺!
