Tonight was an opportunity to keep building momentum into the final few weeks of the season. While there are times when it seems like our competitive season just started, there were many examples of growth tonight in how we approached, executed, and finished our races. We are racing teams the last two meets that did not have a 3 week break. Hillcrest isn't a fast course, but it prepares you well for the later part of the season. We will have opportunities to run on faster courses. You are building up to the greatest time of the calendar year...Championship XC racing! Take pride in your attitude and effort, and the race times and places will come down even more! Our coaching staff loves working with all of you, and we are proud to be Little Hawks with you!
