Varsity Race: 44 finishers

JV Race: 56 finishers

* = PR (personal record)

We had our first taste of competition tonight and also our first taste of a 5k. We came home with two team championships (with perfect scores)! Our JV squad left little doubt after the starting gun, and ran to the front early and stayed there every step of the way. Our varsity followed in a very similar style, and we raced to a perfect score of 15! It wasn't solidified until Julia and Lucy made a decisive move the second time through the woods and passed a competitor. If we can tighten up the gaps between teammates, we will have a very strong Varsity, JV and F/S squad this season. We can't wait to watch you race against some strong competition at PV on Saturday. The energy of this team is special. Great leadership from many of you is making this a beautiful start to the season!
